Junior would have liked to pursue spiritual matters with Sklent, but numerous other partyers wanted their time with the great man. In parting, sure that he would give the artist a laugh, Junior withdrew the brochure for "This Momentous Day" from his jacket and coyly asked for an

opinion of Celestina White's paintings. Agnes delighted in their conversations. Barty was far ahead of the language learning curve for his age, but he was still a child, and his observations were filled with innocence and charm. "You mean your cold is like in your nose but not in your feet?" On the serving tables, the canap? trays held only stained paper doilies, crumbs, and empty plastic champagne glasses. This was a test of Junior's gullibility, and he would not give Vanadium the satisfaction of searching his robe for the coin. The dying-dove hands fluttered down Junior's arms, plucking feebly at his leather coat, and at last hung limp at Neddy's sides. Cain's Spruce Hills home, which he'd shared with Naomi, hadn't been furnished anything like this. The difference between there and here--and the similarity to Vanadium's digs--could be explained neither by wealth alone nor by a change of taste arising from the experience of city life. After Maria, Bonita, and Francesca had gone, when Agnes and her brothers joined forces to clear the table and wash the dishes, Barty kissed them good-night and retired to his room with The Star Beast. The man's voice echoed hollowly in Junior's ears, as if coming from the far end of a tunnel. Or from the terminus of a death-row hallway, on the long walk between the last meal and the execution chamber. Panic set in when he began to wonder if these intestinal spasms were going to prevent him from leaving Spruce Hills. In fact, what if they required hospitalization? Several large Dumpsters hulked nearby, dark rectangles less seen than suggested in the slowly churning murk, like forms in a dream, as ominous as graveyard sarcophaguses, each as suitable for a musician's carcass as any of the others. Snapping the cylinder into place, he rose to his feet. Already he had a new plan, and the cop's revolver was the most important tool that he required to implement it. Junior was flattered, he really was. Women couldn't get enough of him. The story of his life. They never let go gracefully. He was wanted, needed, adored, worshiped. Women kept calling after they should have taken the hint and gone away, insisted on sending him notes and gifts even after he told them it was over. Junior wasn't surprised that women would return from the dead for him, nor was he surprised that women he'd killed would try to find a route back to him from Beyond, without malice, without vengeance in their hearts, merely yearning to be with him again, to hold him and to fulfill his needs. As gratified as he was by this tribute to his desirability, he simply didn't have any romantic feelings left for Naomi and Seraphim. They were the past, and he loathed the past, and if they wouldn't let him alone, he would never be able to live in the future. He vanished through some hole, some slit, some tear bigger than anything through which Tom flipped his quarters. But both the Church and quantum physics contend there is no such thing. Coincidence is the result of mysterious design and meaning--or it's strange order underlying the appearance of chaos. Take your pick. Or, if you choose, feel free to believe that they're one and the same. Celestina stood listening until she heard Wally open the outer door and then close it. The mummified moon had unwound itself from its rags of embalming clouds. Its pocked face glowered in full brightness on the spreading branches of the pine, on the yard, and on the graveled driveway. In early May, he sought self-improvement by taking French lessons. The language of love. Angel was lying on a towel on the convertible sofa, where Grace had just changed her diaper. She must have sensed his assessment of her and realized that she had little chance of charming him, for she turned at once away and never looked in his direction again. According to his wristwatch, the time was 9:05 in the morning on this momentous day. After clicking off the kitchen lights, the hall light, and the light in the foyer, he pulled shut the front door, leaving the house dark and silent behind him. Could any spell of magic make. Looking down at Barty, Agnes saw the ghost of Joey in the baby's face, and although she half believed that her husband would be alive now if he had never tempted fate by putting such a high price on his life, she couldn't find any anger in her heart for him. She must accept this final generosity with grace--if also without enthusiasm. When Junior opened the trunk, he discovered that fishing gear and two wooden carriers full of carpenter's tools left no room for a dead detective. He would be able to make the body fit only if he dismembered it first. Just as the smile curved to completion, however, an awful thing happened. The humiliation began with a loud gurgle in his gut. Carrying the candlestick, he raced to the kitchen at the end of the short hall. The door stood open, but he had to enter the room to see Victoria slumped in one of the two chairs at the small dinette. He bolted up from the sofa, saying too loudly, "Canned hams," but at once he realized this made no sense, none, zip, so he searched desperately for something coherent to say--"Potatoes, corn chips"--which was equally ridiculous. Now Obadiah was staring at him with that concerned alarm you saw on the faces of people watching an epileptic in an uncontrolled fit, so Edom plunged across the living room as though he were falling off a ladder, toward the front door, struggling to explain himself as he went: "We've brought some, there are some, I'll get some. Almost thirty years from the seminary--even farther from it if measured by degrees of lost innocence, by miles of rough experience Tom Vanadium set out to kill a man. Given the chance to disarm Cain, given the opportunity to merely wound him, he would nevertheless go for the head shot or the heart shot, play jury and executioner, play God, and leave to God the judgment of his stained soul. Harrison was a Baptist, Vanadium a Catholic, and although they approached the same faith from different angles, they weren't coming to it from different planets, which was the feeling Vanadium had been left with following their conversation. It was true that Enoch Cain could never be brought successfully to trial for the rape of Phimie, subsequent to her death and in the absence of her testimony. And it was also uncomfortably true that exploring the possibility that Cain was the rapist would tear open the wounds in the hearts of everyone in the White family, to no useful effect. Nevertheless, to rely on divine justice alone seemed naive, if not morally questionable. The water shut off, and Junior heard the ratcheting noise of a paper-towel dispenser. Traumatized by the violence in her mother's bedroom, not fully aware of what happened to Wally, Angel had been tearful and anxious. A thoughtful physician gave her a glass of orange juice spiked with a small dose of a sedative, and a nurse provided pillows. Bedded down on two pillow-padded chairs, wearing a rose-colored robe over yellow pajamas, she gave herself as fully to sleep as she always did, sedative or not, which was every bit as fully as she gave herself to life when she was awake. Aftermath had a way of being discovered, often at the worst of all possible moments, which he had learned from movies and from crime stories in the media and even from personal experience. Discovery always brought the police at high speed, sounding their sirens and full of enthusiasm, because those bastards were the most past-focused losers on the face of the earth, utterly consumed by their interest in aftermath. Tom would have edged to his right, away from Edom, if Jacob hadn't flanked him. He remembered the odd comment that the more dour of the twins had made about the Bakersfield train wreck. An IV rack stood beside the bed, dripping fluid into his vein, replacing the electrolytes that he had lost through vomiting, most likely medicating him with an antiemetic as well. His right arm was securely strapped to a supporting board, to prevent him from bending his elbow and accidentally tearing out the needle. She was buoyant, unrestrained, floating up from the padded stretcher, until she was. Junior phoned a twenty-four-hour-a-day locksmith and paid premium post midnight rates to have the double deadbolts re-keyed. In the refrigerator, he found a stick of butter in a container with clear plastic lid. He took the container to the cutting board beside the sink, to the left of the cooktop, and opened it. In Junior's

estimation, this was not the way that a normal person lived. This was the home of a deranged loner, a dangerously obsessive man..Joey rested not under the stern watch of the cypresses, but near a California pepper tree. With its graceful, cascading boughs, it appeared to stand in meditation or in prayer.. "No, no. But being around him so much, inevitably I absorb some details. He's a compelling speaker when the subject interests him..".Bartholomew didn't merely have something to do with babies. Bartholomew was a baby..To become a physical therapist, Junior had taken more than massage classes, so he knew what hematemeses meant. Hematemesis: vomiting of blood..Maria's belief in the efficacy of this ritual was not as strong as her faith in the Church, but nearly so. As she leaned over the votive glass, watching the final fragment dissolve into ashes, she felt a terrible weight lifting from her..In his masterpiece *The Beauty of Rage: Channel Your Anger and Be a Winner*, Zedd explains that every fully evolved man is able to take anger at one person or thing and instantly redirect it to any new person or thing, using it to achieve dominance, control, or any goal he seeks. Anger should not be an emotion that gradually arises again at each new justifiable cause, but should be held in the heart and nurtured, under control but sustained, so that the full white-hot power of it can be instantly tapped as needed, whether or not there has been provocation..On the counter beside the bathroom sink stood an open box of BandAids in a variety of sizes, a bottle of rubbing alcohol, and a bottle of iodine..She devoted half her work time to the neighbors-in-need route that Agnes had established and steadily expanded, the other half to her painting. She was in no rush to mount a new show; anyway, she didn't dare renew contact with the Greenbaum Gallery or with anyone at all from her past life, until the police found Enoch Cain..Nolly adored her laugh, so musical and girlish. He would have made all sorts of a fool out of himself, anytime, just to hear it..At eleven o'clock Saturday morning, having just settled in the hotel after arriving from St. Mary's, they were waiting for the SFPD to deliver suitcases of clothes and toiletries that Rena Moller, Celestina's neighbor, had packed according to her instructions. While waiting, the three of them took an early lunch-or a late breakfast-at a room service table in the living room..Last night, in the superintendent's basement apartment, as they shared a bottle of wine, Sparky had told Vanadium numerous weird tales about Cain: *The Night He Shot Off His Toe*, *The Day He Was Saved from a Meditative Trance and Paralytic Bladder*, *The Day the Psychotic Girlfriend Brought a Vietnamese Potbellied Pig to His Apartment When He Was Out and Fed It Laxatives and Penned It in His Bedroom*After carefully wiping her fingers on a paper napkin, Maria examined the garments with interest. She carried her living as the seamstress at Bright Beach Dry Cleaners. At the sight of each rent, popped button, and split seam she clucked her tongue..Agnes ran to the kitchen, where she had been working when the doorbell rang, packing boxes of groceries to be delivered with the honey-raisin pear pies that she and Jacob had baked this morning..Copyright (c) 1997 by Ursula K. Le Guin..One hand on the railing, he ascended the first three steps slowly. Pausing on each, he slid his foot forward and back on the carpet, runner to judge the depth of the tread relative to his small foot. He ran the toe of his right shoe up and down the riser between each tread, gauging the height.
